# WINNER!

When you pressed start on your 30-day NaNoWriMo adventure, you had no idea what hazards and villains might await you. You just jumped in, ready to take on anything. And then you kept going—dodging procrastination slugs, battling that Inner Editor, and powering up with untold amounts of caffeine.

That determination says something about you, Novelist. From plot bunnies to writer's block, nothing can divert you from your path. We hope you'll use that same 8-bit grit while editing your manuscript (we're already excited to read it); writing your next novel; or taking on a brand-new big, fun, scary adventure.
